

Internal FttH Riser FO cable

Internal FttH riser FO cable, 2 dielectric strength members, 16x4f, SM G.657.A1, LSZH, natural

| SPECIFICATION               |                                                |
|-----------------------------|------------------------------------------------|
| Fiber quantity              | 64 fibers                                      |
| Cable design                | Cable with 4f in mini-modules, 2 GRP rods      |
| Cable Outer Diameter, mm    | 8,4 mm                                         |
| Outer Jacket Material       | LSZH                                           |
| Fiber type                  | SM G.657.A1                                    |
| Fire safety                 | П1б (testing acc. to ГОСТ IEC 60332-3-22-2011) |
| Jacket colour               | Natural                                        |
| EN50575 CPR Cable EuroClass | no                                             |

| Part Numbers |                                                                                                |
